Member (Print Name): _____

Member (Signature): _____

Slip #/Main Dock Location: _____

_____ I hereby request installation of a second 30 AMP plug.

_____ I hereby request that my 30 AMP service be upgraded to 50 AMP service.

_____ I agree to pay the associated installation costs in advance.

_____ I understand I will be assessed a premium for increased consumption this year and in subsequent years, and that this premium is subject to an annual increase.

Credit @ (\$100)

Total Due @ \$ _____

Total Due @ \$ _____

NOTES:

* In the event the installation requires upgrades to the main breakers and power feeds, the Board of Directors must approve this request in advance. If approved, the associated additional costs will be quoted in advance.

* Annual membership dues include one 30 AMP service and "customary" electrical consumption. Therefore, members requesting an upgrade to 50 AMP service are entitled to a \$100 credit against the associated costs as outlined above.

* Members with one boat occupying two slips are entitled to a credit of \$100 per slip against the costs associated with an upgrade to 50 AMP service.

* Seasonal renters may not request an upgrade in electrical service.
